Flag C

Current orders on the subject are contained in fo No 1705-7/Ls 42-26 2 9 26 It was ordered that the flat rate of Rs 22/8/- a year per light fixed for Bangalore Mysore should likewise be ordered to be paid for Street lights in the Sanr Bd area. If on account of the poor finances the Bd cannot meet the extra cost involved by the imposition of this flat rate, the Bd was required to reduce the number of its lights so that expenditure on lighting might be within the amount they can afford to incur.

As the rates applicable for Street lights in the Bangalore & Mysore cities have been revised in paras 6 & 7 of fo No L 6188-92 Ms 83-26 5 of 4/3/27 it is for orders whether the same rates should not be made to apply to similar lights in the KGF area. May the Chief Electrical Engineer be consulted also?

No 26107 & 30 9 27 from the Chief Electrical Engineer - States that a Contract has been concluded with the Tan[2] Bd agreeing to supply ~~the Bd's area with~~ the Bd with Electric light at the uniform rate of Rs 22/8/- a light & suggests that the rates sanctioned for ornamental lights in Bangalore & Mysore maybe made universally applicable except to the Cort Station. Subg In spite of the fact that a Contract has been entered into by the Bd, it is for consideration whether the Bd should not be treated for purposes of these electric lights on a par with Bangalore & Mysore. G.O. No 1705-7/Ls 42-26-2 & 1 9 26 clearly says that the Bd can only be treated in this respect just like

universally applicable except to the C.M.C. Station Bangalore and suggests that the revised rate of Rs 22/8/- a light for 60 CP overhead lights may also be made universally applicable to all towns where Street Electric lights are introduced

Subs. The points for orders now are—

(1) Whether the revised rates for Street lights in Bangalore & Mysore cities should be made applicable to the lights in the K.G.F. area although there is a specific agreement with the Bd for supply of lights at Rs 22/8/- a light as such an agreement was entered into by the Bd on the strength of Go No L 1705-7/L B 42-26-2 dt 9/26

2) Whether the rates for lights at Bangalore & Mysore be made universally applicable

3) Whether the rates of Rs 22/8/- per light for 60 CP overhead lights may also be made universally applicable

Draft 3/11 16/4/11 It would perhaps be better to pass an order after a decision on the 1st point also

The Kolf Survey Bd was asked some time ago to pay Rs 22-8-0 per light for street lighting on the basis of what Bangalore & Mysore Cities were required to pay. The rate for B'lore & Mysore Cities has been temporarily revised so as to give a temporary reduction of charges to the municipalities. The Secty raised the question whether the Kolf should not have the benefit of this reduction. The Ch Electrical Engr says that an agreement to pay the rate previously approved has been entered into by the Board and that it need not be revised. This may be approved though it means some loss to the Bd and it is by no means very well off — as this relief will be only temporary and each case has to be considered separately. The Ch Electrical Engr also proposes that the rate approved for municipal lights in B'lore & Mysore may apply to all towns and that the rate of Rs 22/8/0 per light of 60 CP approved for Kolf — and for eventual adoption in Bangalore & Mysore cities may also apply to all such towns.

The proposals may be approved

1 OCT 1927

The General Secretary to the
Government of His Highness the
Maharaja of Mysore, Bangalore

Sir

K G.F Street Lighting.

With reference to your letter No L-1503 of the 13th instant I have the honour to state that the revised rate of Rs22-8-0 per light against Rs16/- and Rs30/- per light was made applicable to the K G F as sanctioned by Government in their Order No 1705-7 L B 42-26-2 dated 1-9-1926 and the agreement with the Sanitary Board was concluded on the 23rd June 1926 to run for a period of 10 years from 1-7-1926

The rates recently sanctioned for Ornamental lights in Bangalore and Mysore may however be made universally applicable except to the C & M Station Bangalore

If the Government approve of this recommendation an order to that effect may issue

I have the honour to be,
Sir,
Your most obedient servant,

MGK-AK

Chief Electrical Engineer
